App Name **DiaosiRun**

Description **This is probably the simplest running game in apple store. That is why I call it "Diaosi". (If you don't know this word, try to search it online. It is a very popular word in China in recent years.) In this game, you control the character to collect the coins and avoid the bombs. And remember, running without collecting coins will also make you die!**

Keywords **Diaosi, Running, Action**
